- Firebase, Supabase, PostgreSQL, Redis, Google Cloud
- DevOps & Testing:**
- Docker, GitHub Actions, CI/CD, TDD, Mockito, Selenium, Cypress

OBJECTIVE

Seeking a challenging Senior Mobile Developer position to leverage my expertise in Flutter and open-source contributions.

EXPERIENCE

Senior Application Developer
Songkhla Finishing Co., Ltd.
August 2025 – Present

- Led development of enterprise solutions, focusing on security and performance.
- Developed the applications Police Care and One Police.
- Collaborated across teams to ensure timely delivery of high-quality applications.
- Implemented systematic risk analysis using Spiral methodology for scalable architectures.

Mobile Developer
Extend IT Resource, Mobile Division
February 2023 – May 2025

- Developed and delivered major enterprise applications for top-tier Thai financial institutions and government sectors:
- SCB NextGen Lending: Built and maintained digital lending platform features for Siam Commercial Bank
- Promptpost (Thailand Post): Developed a postcard creation app featuring drag-and-drop editing, stickers, and text decoration (MVP, Provider)
- Insurverse: Built an insurance management application handling policy viewing, incident reporting, and claims filing (MVVM, Bloc)
- Goodmoney (GSB): Developed a government loan application with complex loan calculations and ad management (MVVM, Redux + Provider)

Mobile Developer
Poontana Marketing Co., Ltd
Sep 2022 – Jan 2023

- Built "POON eSERVICE" a customer product claims and support application
- Integrated chatbot functionalities, camera modules, GPS location services, and audio features using Provider state management within a rapid timeline

Mobile Developer
Modern POS Co., Ltd.
April 2022 - August 2022

- Developed a comprehensive mobile Point-of-Sale (POS) system supporting multi-store management
- Implemented role-based access control (Owner, Manager, Staff, Customer) and billing/receipt modules
- Designed a tree-structured widget architecture to maximize UI reusability and reduce codebase complexity
